TRANSPORTATION LIGHTING SUPPLIER
HEAT SINK FOR HIGH POWER LED

AVIENT SOLUTION
Therma-Tech™ TT6600-5001 EC Grey

KEY REQUIREMENTS
• A material to replace aluminum
• High thermal conductivity - 20 W/mK
• Electrically conductive

WHY AVIENT?
• Increase production rate by 50%, as three secondary operations were eliminated
• Reduced the weight of each part by 30%
• Collaborated with the customer to participate in the SPE Automotive Innovation Awards
