FOR IMMEDIATE RELEASE

Avient Announces Fourth Quarter and Full Year 2020 Results and Provides Guidance for 2021

Fourth Quarter Results

- GAAP EPS from continuing operations of \$0.81 compared to \$0.08 in the prior year quarter
- Record fourth quarter adjusted EPS of \$0.52 increased 73% compared to \$0.30 pro forma* in the prior year, driven by strong organic revenue growth in all segments, improved operating margins and synergy capture from the Clariant Masterbatch acquisition
- Increased dividend for the 10th consecutive year to \$0.85 a share on an annualized basis

Full Year Results

- Completed transformational Clariant Masterbatch acquisition and renamed the company as Avient
- GAAP EPS from continuing operations of \$1.46 compared to \$0.97 in the prior year
- Adjusted EPS increased 11% to \$1.93 pro forma, on strength in healthcare, packaging and consumer end markets
- Specialty Engineered Materials (SEM) segment delivered record operating income of \$94 million, driven by growth in composites and demand for outdoor high performance applications

CLEVELAND – February 9, 2021 – Avient Corporation (NYSE: AVNT), a leading provider of specialized and sustainable material solutions, today reported its full year and fourth quarter results for 2020.

Fourth quarter 2020 GAAP EPS from continuing operations was \$0.81 and compared to \$0.08 in the prior year fourth quarter. The company noted that GAAP EPS includes special items of \$0.29 (Attachment 3) primarily associated with one-time tax benefits of \$0.35, which was partially offset by acquisition-related and restructuring costs. Adjusted EPS of \$0.52 exceeded the \$0.48 projection included in the Company's performance update provided in December and was driven by better-than-expected sales in the Color, Additives and Inks segment.

"I am extremely pleased with our record fourth quarter results, as every segment and end market grew over the prior year fourth quarter. SEM generated its highest-ever quarterly operating income at \$30 million, a 58% increase over prior year fourth quarter. For the year, SEM grew operating income 13%, as demand for our composites technologies continues to strengthen," said Robert M. Patterson, Chairman, President and Chief Executive Officer, Avient Corporation.

Mr. Patterson added, "Our Color, Additives and Inks segment also delivered record operating income of \$58 million during the fourth quarter. This represents a 45% increase over the prior year quarter, pro forma for the Clariant Masterbatch business."

The Company highlighted that integration of the Clariant Masterbatch business is continuing to exceed expectations. Total expected cost synergy estimates increased from \$60 million to \$75 million, and the rate of capture has also accelerated. Customer collaboration and feedback has been extremely positive, and cultural integration has been excellent, as evidenced by the employee engagement scores that clearly reflect Avient is a great place to work.

Mr. Patterson reflected on 2020 saying, "It was a historic year where we brought two global leaders together to create an even stronger company – now known as Avient. Thanks to our talented associates and strategic portfolio investments, we have navigated the unprecedented challenges of the pandemic. We held our priorities firm by keeping health and safety first, providing world-class service to our customers, and utilizing our unique position to aid in recovery efforts as an essential supplier throughout the world."

2021 Outlook

Commenting on the Company's 2021 outlook, Mr. Patterson said, "As the COVID-19 vaccine brings hope for a recovery from the pandemic, we anticipate our businesses will continue to benefit from new product development requiring sustainable solutions as well as demand for consumer and healthcare applications. We will also uniquely benefit from the Clariant Masterbatch acquisition and related synergy capture, which is well ahead of schedule."

Mr. Patterson added, "We will provide more details on our upcoming webcast, but our headline projection for 2021 is that we expect revenue growth of approximately 8% pro forma will drive adjusted EPS expansion from \$1.93 to \$2.40 - an increase of 24%."

The Company noted it will provide more details on its 2021 outlook during the webcast scheduled for 9:00 a.m. Eastern Time on February 9, 2021.

*Pro Forma

The Company acquired the Clariant Masterbatch business ("CMB") on July 1, 2020 (the "Acquisition Date"). To provide comparable financial results, the company references "pro forma" financial metrics, which include the business results of CMB for periods prior to the Acquisition Date. Management believes this provides comparability of the performance of the combined businesses. Refer to Attachment 7 *Reconciliation of Non-GAAP Financial Measures* for details regarding adjustments to previously reported results to arrive to the pro forma financial metrics.

Webcast Details

The company will host a webcast at 9:00 a.m. Eastern Time on Tuesday, February 9, 2021. The webcast can be viewed at avient.com/investors, or by clicking here: https://edge.media-server.com/mmc/p/ko4y5g9z. To participate in the audio-only portion of the call, dial 1-844-835-7433 (domestic) or 1-914-495-8589 (international) and provide conference ID number 3293155. There will be a question and answer section following the company's prepared remarks.

A recording of the webcast and the investor presentation will be available at avient.com/investors. In addition, a recording of the audio will be available for one week, beginning at 12:00 p.m. EST on February 9, 2021. To listen to this recording, dial 1-855-859-2056 (domestic) or 1-404-537-3406 (international) and provide conference ID number 3293155.

About Avient

Avient Corporation (NYSE: AVNT), with 2020 pro forma revenues of \$3.8 billion, provides specialized and sustainable material solutions that transform customer challenges into opportunities, bringing new products to life for a better world. Examples include:

- Barrier technologies that preserve the shelf-life and quality of food, beverages, medicine and other perishable goods through high-performance materials that require less plastic
- Light-weighting solutions that replace heavier traditional materials like metal, glass and wood, which can improve fuel efficiency in all modes of transportation
- Breakthrough technologies that minimize wastewater and improve the recyclability of materials and packaging across a spectrum of end uses

Avient employs approximately 8,400 associates and is certified ACC Responsible Care®, a founding member of the Alliance to End Plastic Waste and certified Great Place to Work®. For more information, visit www.avient.com.

###

Forward-looking Statements

In this press release, statements that are not reported financial results or other historical information are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements give current expectations or forecasts of future events and are not guarantees of future performance. They are based on management's expectations that involve a number of business risks and uncertainties, any of which could cause actual results to differ materially from those expressed in or implied by the forward-looking statements. They use words such as "will," "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning in connection with any discussion of future operating or financial condition, performance and/or sales. Factors that could cause actual results to differ materially from those implied by these forward-looking statements include the impact the COVID-19 pandemic has on our business, results from operations, financial condition and liquidity; our ability to achieve the strategic and other objectives relating to the acquisition of Clariant's Masterbatch business, including any expected synergies; disruptions, uncertainty or volatility in the credit markets that could adversely impact the availability of credit already arranged and the availability and cost of credit in the future; the effect on foreign operations of currency fluctuations, tariffs and other political, economic and regulatory risks; changes in polymer consumption growth rates and laws and regulations regarding plastics in jurisdictions where we conduct business; changes in global industry capacity or in the rate at which anticipated changes in industry capacity come online; fluctuations in raw material prices, quality and supply, and in energy prices and supply; production outages or material costs associated with scheduled or unscheduled maintenance programs; unanticipated developments that could occur with respect to contingencies such as litigation and environmental matters; our ability to continue to pay cash dividends including at the increased rate; an inability to raise or sustain prices for products or services; an ability to achieve or delays in achieving or achievement of less than the anticipated financial benefit from initiatives related to acquisitions and integration, working capital reductions, costs reductions and employee productivity goals; information systems failures and cyberattacks; and other factors affecting our business beyond our control, including, without limitation, changes in the general economy, changes in interest rates and changes in the rate of inflation. The above list of factors is not exhaustive.

We undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised to consult any further disclosures we make on related subjects in our reports on Form 10-Q, 8-K and 10-K that we provide to the Securities and Exchange Commission.

Non-GAAP Reconciliation

The Company does not provide reconciliations of forward-looking non-GAAP financial measures, such as outlook for adjusted earnings per share, to the most comparable GAAP financial measures on a forward-looking basis because the Company is unable to provide a meaningful or accurate calculation or estimation of reconciling items and the information is not available without unreasonable effort. This is due to the inherent difficulty of forecasting the timing and amount of certain items, such as, but not limited to, restructuring costs, environmental remediation costs, acquisition related costs, and other non-routine costs. Each of such adjustments has not yet occurred, are out of the Company's control and/or cannot be reasonably predicted. For the same reasons, the Company is unable to address the probable significance of the unavailable information.

Diluted earnings per share from continuing operations attributable to Avient shareholders	\$	0.81	\$	0.08	\$	1.46	\$	0.97

Senior management uses comparisons of adjusted net income from continuing operations attributable to Avient shareholders and diluted adjusted earnings per share (EPS) from continuing operations attributable to Avient shareholders, excluding special items, to assess performance and facilitate comparability of results. Senior management believes these measures are useful to investors because they allow for comparison to Avient's performance in prior periods without the effect of items that, by their nature, tend to obscure Avient's operating results due to the potential variability across periods based on timing, frequency and magnitude. Non-GAAP financial measures have limitations as analytical tools and should not be considered in isolation from, or solely as alternatives to, financial measures prepared in accordance with GAAP. Below is a reconciliation of these non-GAAP financial measures to their most directly comparable financial measures calculated and presented in accordance with GAAP. See *Attachment 3* for a definition and summary of special items and *Attachment 7* for a summary of pro forma adjustments associated with the Clariant MB Acquisition necessary to reflect Clariant MB adjusted results in all periods presented.

Avient Corporation Reconciliation of Non-GAAP Financial Measures (Unaudited)

(In millions, except per share data)

Senior management uses gross margin before special items and operating income before special items to assess performance and allocate resources because senior management believes that these measures are useful in understanding current profitability levels and how it may serve as a basis for future performance. In addition, operating income before the effect of special items is a component of Avient annual and long-term employee incentive plans and is used in debt covenant computations. Senior management believes these measures are useful to investors because they allow for comparison to Avient's performance in prior periods without the effect of items that, by their nature, tend to obscure Avient's operating results due to the potential variability across periods based on timing, frequency and magnitude. Non-GAAP financial measures have limitations as analytical tools and should not be considered in isolation from, or solely as alternatives to, financial measures prepared in accordance with GAAP. Below is a reconciliation of these non-GAAP financial measures to their most directly comparable financial measures calculated and presented in accordance with GAAP. See *Attachment 3* for a definition and summary of special items.

	Three Months Ended December 31,					Year l Decem	 												
Reconciliation to Consolidated Statements of Income	2020			2019		2019		2019		2019		2019		2019		2019		2020	2019
