

CHEMICAL + UV RESISTANCE

EUROPEAN CABLE MANUFACTURER

JACKET FOR THIN FTTH
CABLES

AVIENT SOLUTION

ECCOH™ 5970 Formulation

WHY AVIENT?

- Utilized formulation expertise to provide a solution with the desired combination of performance characteristics
- Provided superior UV and chemical resistance, increasing cable lifetime
- Reduced attenuation loss due to better crush resistance
- Enabled the required flexibility and reduced cable weight

LEARN MORE

KEY REQUIREMENTS

- FTTH jacket material for cables installed in premises where no duct and little space is available
- Superior crush resistance for small diameter cables
- UV and chemical resistance including solvents, oil, acid and bases
