POSITION ON WATER STEWARDSHIP

Avient Corporation conducts its operations in an environmentally responsible manner that is protective of the communities in which we operate. We understand and acknowledge that water is a precious and vital resource, and we strive to ensure our operations do not compromise water quality or availability.

Commensurate with water stress levels and risk, we are committed to minimizing water consumption, maximizing reuse opportunities, and appropriately mitigating risks associated with water scarcity and pollution.

Our externally certified Environmental Management System, which drives periodic review and engagement at all levels of the organization, helps ensure that we continually take steps to achieve those goals.

It is the responsibility of each person at Avient to ensure that all operations in the company are carried out in accordance with this policy. It is Avient's expectation that our external stakeholders be committed to environmental responsibility.
