OnColor™ WC Choice Colorants for Wire & Cable

OnColor™ WC Choice colorants are a cost-effective way to achieve the performance required for wire and cable applications. With solutions that include ethylene-vinyl acetate (EVA) and polyethylene (PE) resins, these masterbatch concentrates meet standard wire and cable specifications and industry performance expectations.

OnColor WC Choice colorants are available as standard stock colors, allowing for shorter lead times and smaller minimum order quantities. These economical solutions are supported by Avient's exceptional quality, regulatory assistance, testing services and commercial excellence.

KEY CHARACTERISTICS

- Meets performance requirements at an efficient cost
- Industry leading quality results in less scrap and less downtime
- Streamlined supply chain for quick response and timely delivery
- Available in all US and UK standard wire colors

APPLICATIONS

The line of OnColor WC Choice colorants is suitable for a broad range of wire and cable applications, including:

- Telecommunications
- Automotive cables
- Energy and power
