Investor Presentation

NOVEMBER 2026

AVIENT™

Innovator of Materials Solutions

Disclaimer

Forward-looking statements

Certain statements contained in or incorporated by reference into this presentation constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements give current expectations or forecasts of future events and are not guarantees of future performance. They are based on management’s expectations that involve business risks and uncertainties, any of which could cause actual results to differ materially from those expressed in or implied by the forward-looking statements. You can identify these statements by the fact that they do not relate strictly to historic or current facts. They use words such as "will," “anticipate,” “estimate,” “expect,” “project,” “intend,” “plan,” “believe” and other words and terms of similar meaning in connection with any discussion of future operating or financial condition, performance and/or sales. items, include statements relating to future actions; prospective changes in raw material costs, product pricing or product demand; future performance; estimated capital expenditures; results of current and anticipated market conditions and market strategies; sales efforts; expenses; the outcome of contingencies such as legal proceedings and environmental liabilities; and financial results.

Factors that could cause actual results to differ materially from those implied by these forward-looking statements include, but are not limited to:

- disruptions, uncertainty or volatility in the global credit markets that could adversely impact the availability of credit already arranged and the availability and cost of credit in the future;
- the effect on foreign operations of currency fluctuations, tariffs and other political, economic and regulatory risks;
- disruptions or inefficiencies in our supply chain, logistics, or operations;
- changes in laws and regulations in jurisdictions where we conduct business, including with respect to plastics and climate change;
- changes to foreign policy, including new or increased tariffs and changing import / export regulations;
- fluctuations in raw material prices, quality and supply, and in energy prices and supply;
- demand for our products and services;
- production outages or material costs associated with scheduled or unscheduled maintenance programs;
- unanticipated developments that could occur with respect to contingencies such as litigation and environmental matters;
- our ability to pay regular quarterly cash dividends and the amounts and timing of any future dividends;
- information systems failures, cybersecurity breaches and cyberattacks;
- our ability to service our indebtedness and restrictions on our current and future operations due to our indebtedness;
- amounts for cash and non-cash charges related to restructuring plans that may differ from original estimates, including because of timing changes associated with the underlying actions;
- other factors affecting our business beyond our control, including without limitation, changes in the general economy, changes in interest rates, changes in the rate of inflation, geopolitical conflicts, any recessionary conditions; and
- other factors described in our Annual Report on Form 10-K under Item 1A, “Risk Factors.”

Any forward-looking statement speaks only as of the date on which such statement is made, and we undertake no obligation to publicly update forward-looking statements, whether as a result of new information, future events or otherwise. You are advised to consult any further disclosures we make on related subjects in our reports on Form 10-Q, 8-K and 10-K that we provide to the Securities and Exchange Commission.

Use of non-GAAP measures

This presentation includes the use of both GAAP (generally accepted accounting principles) and non-GAAP financial measures. The non-GAAP financial measures include: Organic Performance (which excludes the impact of foreign exchange), Adjusted Earnings Per Share, Adjusted EBITDA, Adjusted EBITDA margins, Adjusted ROIC, and Free Cash Flow. Avient’s chief operating decision maker uses these financial measures to monitor and evaluate the ongoing performance of Avient and each business segment and to allocate resources.

A reconciliation of each historical non-GAAP financial measure with the most directly comparable GAAP financial measure is attached to this presentation which is posted on our website at www.avient.com.

Avient does not provide reconciliations of forward-looking non-GAAP financial measures, such as outlook for Adjusted EBITDA, Adjusted Earnings Per Share, and Adjusted Free Cash Flow to the most comparable GAAP financial measures on a forward- looking basis because Avient is unable to provide a meaningful or accurate calculation or estimation of reconciling items, and the information is not available without unreasonable effort. This is due to the inherent difficulty of forecasting the timing and quantity of certain items, such as, but not limited to, restructuring costs, environmental remediation costs, acquisition-related costs, and other non-routine costs. Each of such adjustments has not yet occurred, are out of Avient’s control and/or cannot be reasonably predicted. For the same reasons, Avient is unable to address the probable significance of the unavailable information.

Our business segments

CAI

Color, Additives and Inks

$2.0B NET SALES

A global leader in customized color and performance enhancing additives for polymers

From the color in your shampoo bottle to the flame retardants in your home, our solutions help manufacturers meet performance, safety, and sustainability requirements

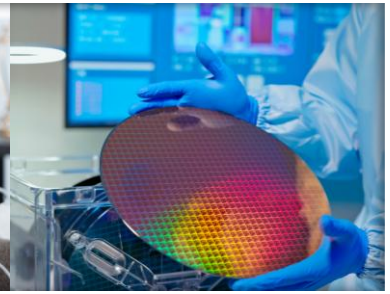

SEM

Specialty Engineered Materials

$1.2B NET SALES

High-performance polymer materials, advanced composites and fibers that push the boundaries of what materials can do

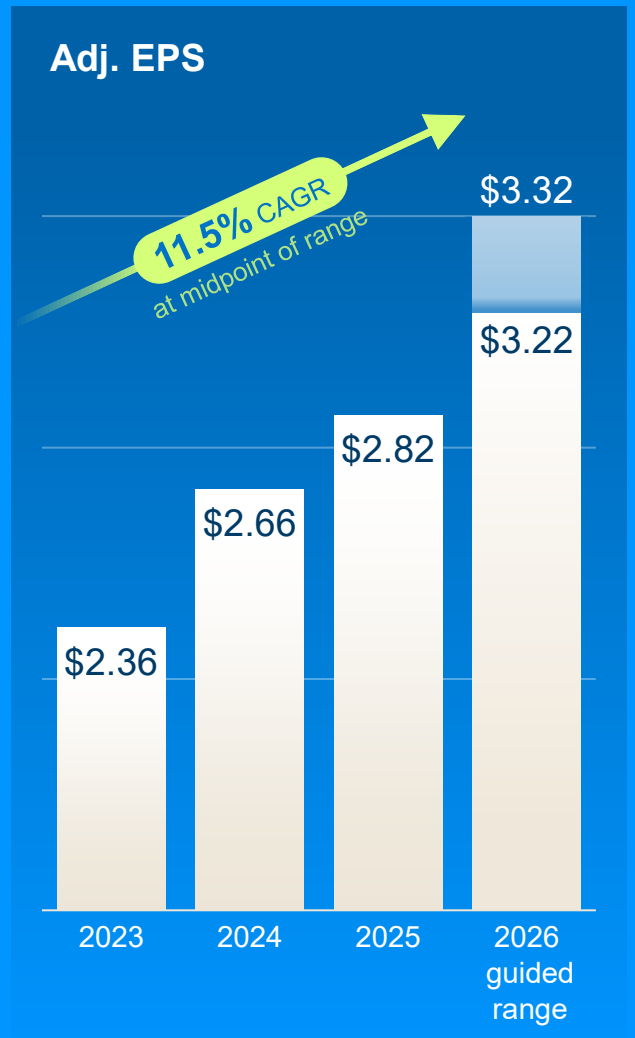

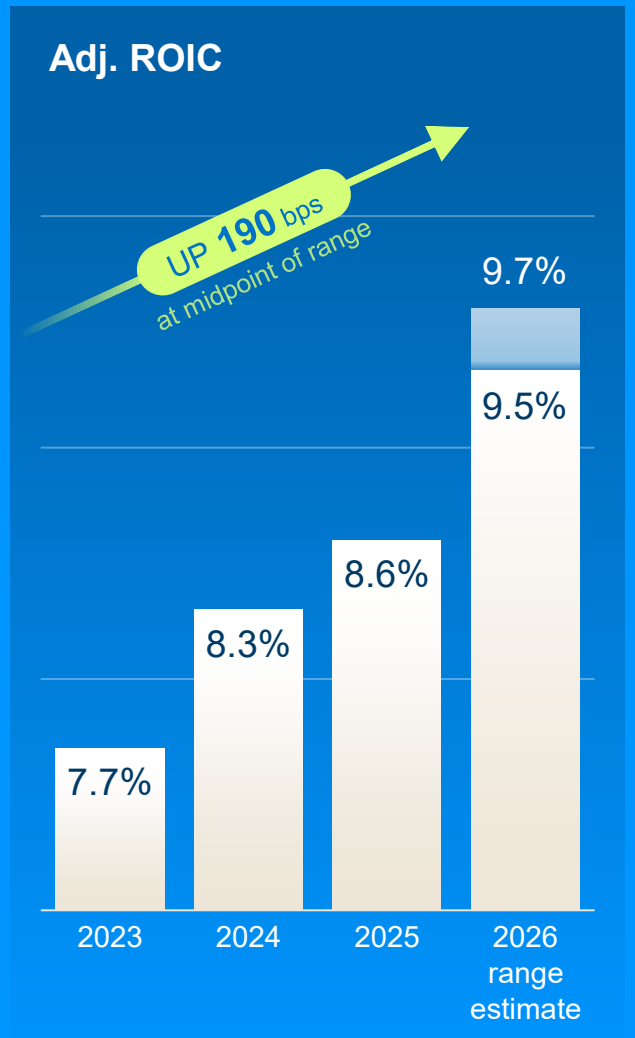

Our solutions replace heavier, less durable alternatives in some of the most demanding applications in the world – from ballistic protection to next-gen medical devices to electronics & high-performance computing infrastructure

Why invest in Avient ?

Building a stronger company, positioned for long-term growth with early execution yielding results

Clear visibility to

MARGIN EXPANSION

- Productivity & organization simplification
- Profitable mix
- Innovation

Portfolio positioned for

ABOVE MARKET GROWTH

- Growth vectors aligned to high growth market segments and secular trends

Track record of

STRONG EXECUTION & CASH GENERATION

- Ability to consistently generate strong free cash flow and growing earnings in a slow-to-no growth environment

Exposure to diverse economies and

BROAD GLOBAL CUSTOMER BASE

- Global reach with a local touch

Our purpose and strategic framework

PURPOSE ▶

Innovator of materials solutions to help our customers succeed, while enabling a sustainable world

STRATEGY ▶

Intersecting high growth markets and secular trends with our technologies to create product platforms of scale

- **Catalyze the core** — GROWING AT **GDP+**
- **Build new platforms of scale** — GROWING AT **10%** PLUS CAGR

DRIVERS ▶

STRENGTHS ▶

- **Unwavering customer focus** — Global reach with a local touch
- **Diverse technology portfolio**
- **Commercial excellence, financial rigor & prudence**
- **Culture of safety and sustainability**

Avient Corporation. All Rights Reserved

Intersecting secular trends and high growth markets with our technologies to create product platforms of scale

SECULAR TRENDS	AVIENT GROWTH VECTORS
Housing shortage	Composites for building and construction
Increased power generation and distribution needs driven by high performance computing and electric mobility	Composites for electrification and energy
	Flame retardants
Heightened geopolitical tensions	Composites for Defense and law enforcement
Move to sustainability solutions	Non-PFAS functional additives
	Plastic lightweighting
Tightening regulatory environment	Engineered materials for healthcare
Personalized, self-administered healthcare solutions	Drug delivery devices

Long-term financial targets

Organic revenue growth with adj. EBITDA margin expansion

+100 to +200bps
above GDP

Organic revenue growth

20% +

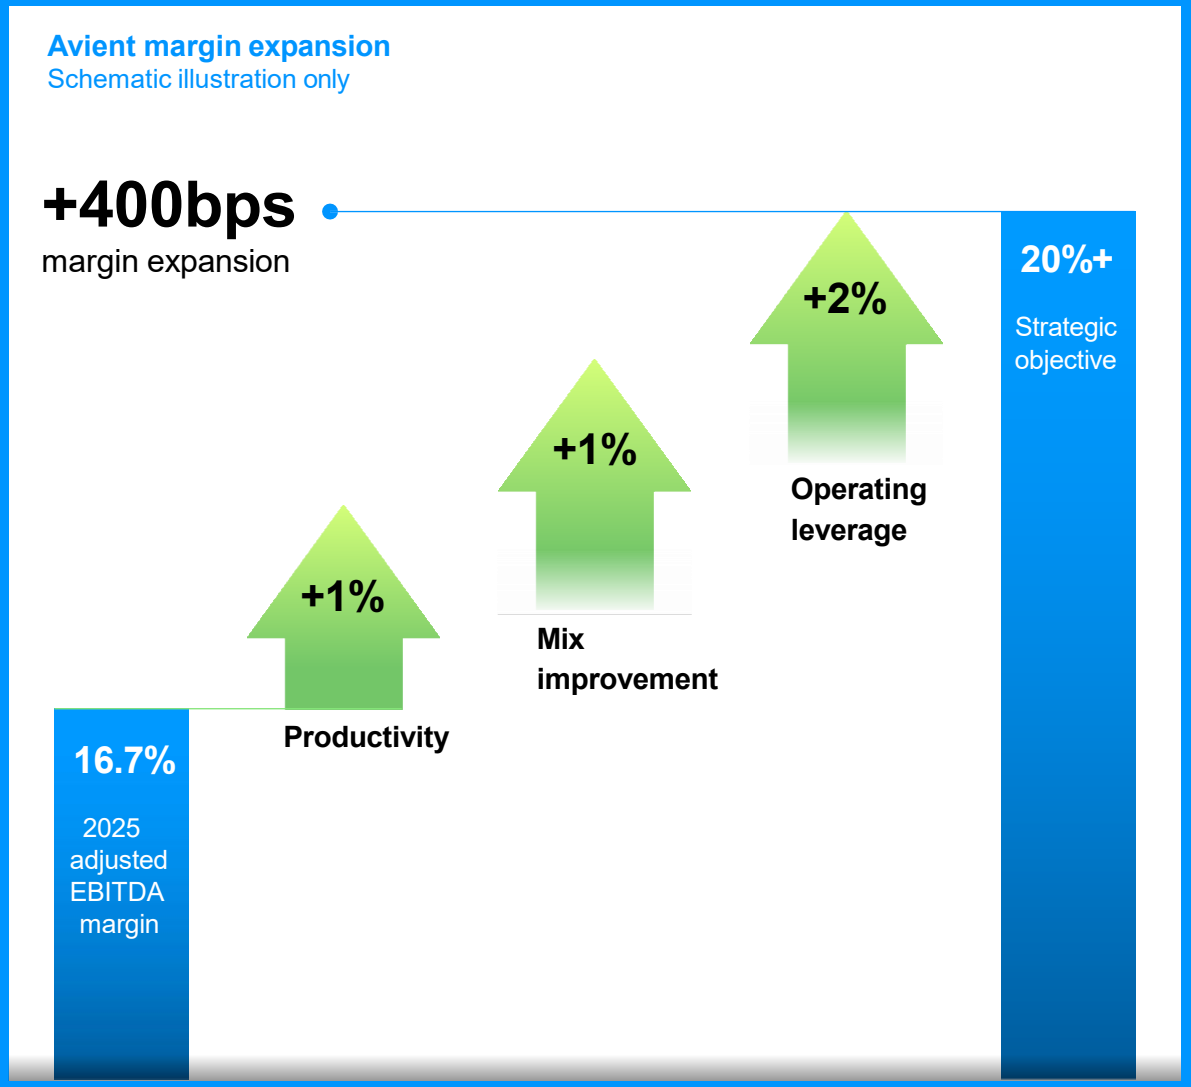

Adjusted EBITDA Margin

10% +

Adjusted EPS CAGR

AVIENT

Avient Corporation. All Rights Reserved

Pathway to 20%+ adjusted EBITDA margins

1 Productivity

- Manufacturing & sourcing efficiencies
- Footprint optimization
- Digital technologies

2 Mix improvement

- Increased sales in higher margin growth platforms

3 Operating leverage

- Organic volume growth and SG&A efficiencies from prioritizing resources across the company

AVIENT
Copyright © 2026.
Avient Corporation. All Rights Reserved

Disciplined capital allocation

1 Capex	Expected annual spend between 3-5% of revenue to support investment in organic growth
2 Dividends	Increasing with underlying earnings growth
3 Debt pay down	Target net debt to adjusted EBITDA less than 2.5x
4 Share repurchases	Opportunistic buy backs
5 M&A	Complement organic growth strategy with M&A, as needed

Recent Innovation

Highlights

AVIENT™

Innovator of Materials Solutions

Innovative materials advancing autonomous technologies

Avient launches PREPERM™ low-loss dielectric thermoplastics

PREPERM™ low-loss dielectric thermoplastics are high-performance alternatives to conventional glass-fiber-reinforced materials with applications in...

1. Industrial robots / humanoids operating in demanding environments
2. Forward and corner-facing radars in cars for driver-assist systems
3. 5G antennae, traffic monitoring radomes

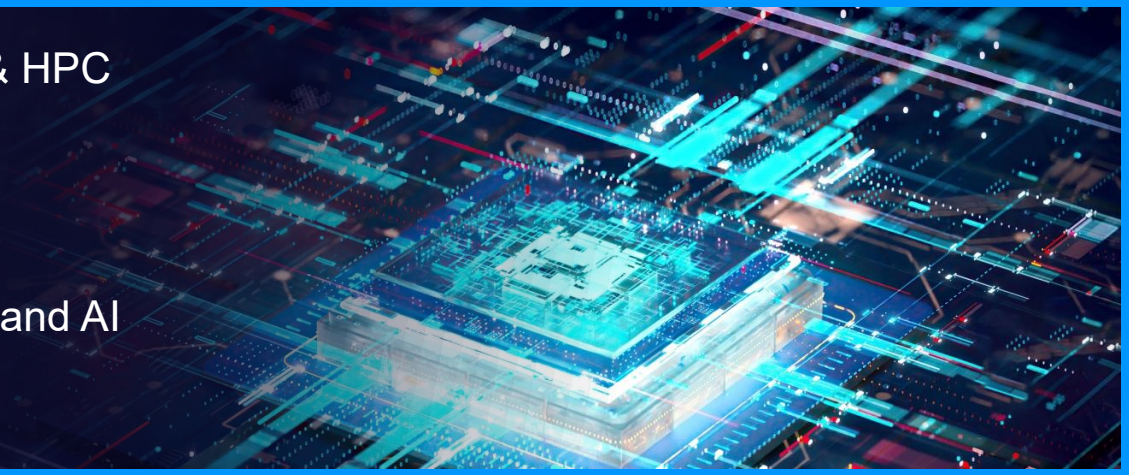

- Extremely low loss/distortion in higher frequencies with PREPERM™ materials enable higher data transfer rate, low latency and cleaner signal transmission in robots and car radomes
- PREPERM™ grades offer impact-resistance, low-warpage and laser-assembly compatibility needed for various radome components - providing manufacturers with a “ready-to-drop-in" upgrade path and dimensionally stable products saving them costly assembly rework

Innovative solutions for Electronics and High-performance computing

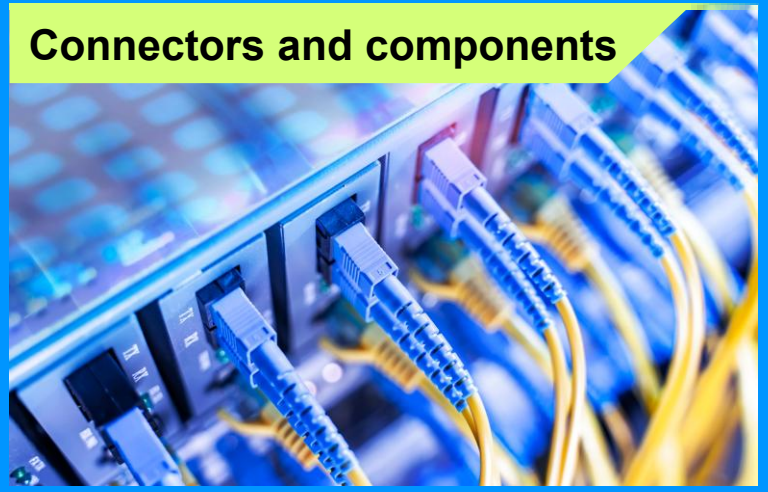

- Building platform of scale around secular trends of Electronics & HPC
- Solutions for semiconductor fabs, high speed connectivity and compact, fail-safe power delivery
- Working with industry leaders to power the future of electronics and AI
- 2026 sales from this growth vector on track to double vs. 2023

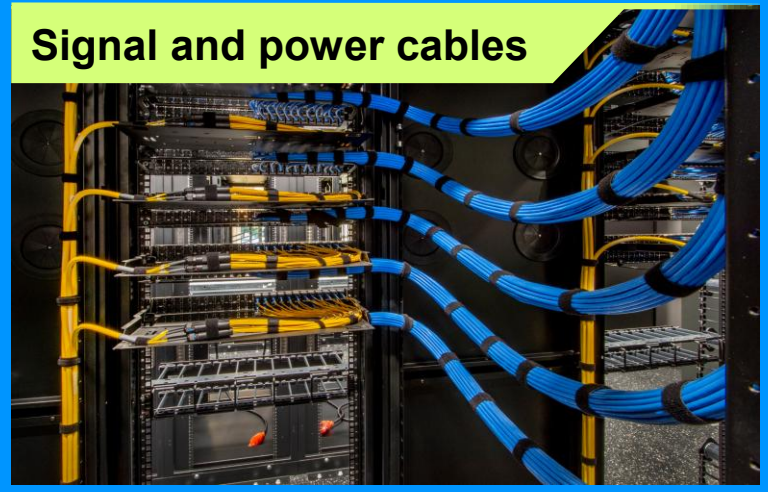

Wafer and chip handling

Connectors and components

Signal and power cables

Innovation and investments in growth vectors

Non-PFAS materials solutions

GlideTech™

- Expanding portfolio of healthcare solutions with new non-PFAS and non-silicone lubricious technology – for use in catheter applications
- Compatible with all common sterilization methods and processable using conventional extrusion equipment

Cesa™ polymer processing aids

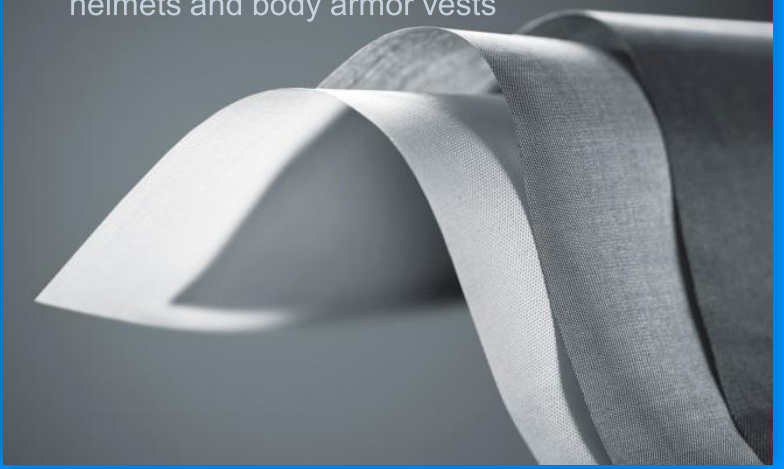

- Non-PFAS, polymer processing aids for polyolefin films used in personal care product packaging
- Developed and commercialized a broad portfolio in 2025 and qualifying several others with customers currently

Dyneema process innovation

Dyneema™

- Innovative new process unlocks additional fiber making capacity enabling us to meet the market demand for ballistic protection
- Tailored performance to match needs of a variety of end-uses / applications in ballistic helmets and body armor vests

AVIENT™

Innovator of Materials Solutions

Q3 2026

Webcast highlights

The world is demanding that materials do more

Greater safety and higher performance...but, with less weight, less environmental impact

Avient is focused on the intersection of several broad trends

Platforms for sustained growth through innovation and customer centricity

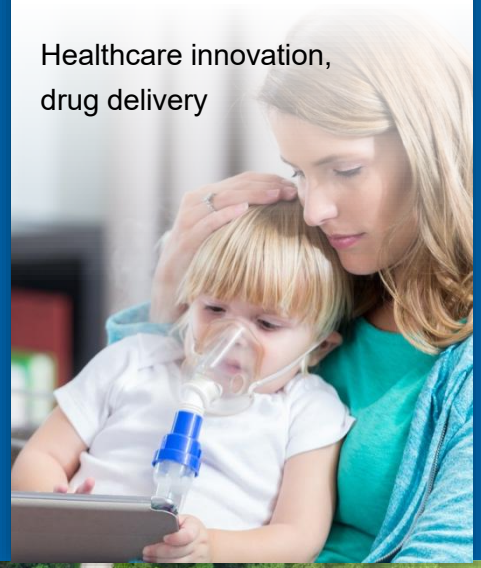

Electrification & Energy Infrastructure

AI/data centers, grid expansion, EVs and increasing electricity demand

Healthcare

Healthcare innovation, drug delivery

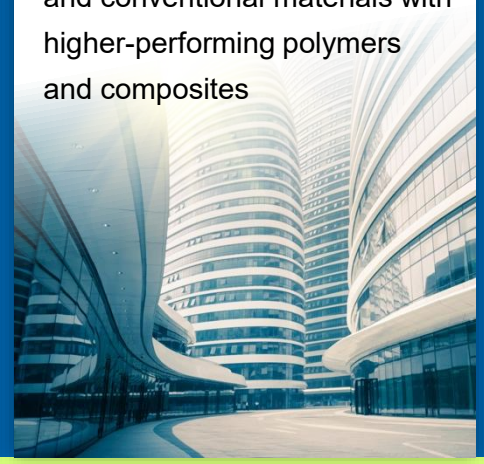

Personal Safety & Protection

Defense, law enforcement and personal protection

Lightweighting & Advanced Materials

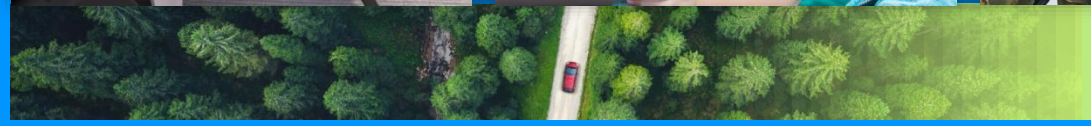

Replacing metal, glass, wood and conventional materials with higher-performing polymers and composites

Increasing Regulation & Material Complexity

PFAS elimination, flame retardancy, chemical restrictions and increasingly demanding performance specifications

BUILDING UPON A FOUNDATION OF...

Sustainability & Circularity

Less material, lower carbon, more recycling, safer chemistries

The world is demanding that materials do more

Greater safety and higher performance...but, with less weight, less environmental impact

Avient is focused on the intersection of several broad trends

Platforms for sustained growth through innovation and customer centricity

Electrification & Energy Infrastructure	Healthcare	Personal Safety & Protection	Lightweighting & Advanced Materials	Increasing Regulation & Material Complexity

KEY OBSERVATIONS...

- These secular trends are in our technology wheelhouse; Avient has **strategic assets and capability**
- We have a strong embedded culture: **customer-centric and agile**
- Our global footprint, diverse end markets, and broad-based technologies provide both **above-market growth potential** and **stable business performance**

OPPORTUNITIES TO UNLOCK...

- **Accelerate the translation** of our innovation capabilities into scalable platforms and profitable growth
- Increasing our share in global / regional key accounts with customer-centric **solutions, leveraging our broad portfolio**
- **Optimize end to end supply chain** including manufacturing footprint

Financial performance and results

	Q3 2026 results	Q3 2026 vs. Q3 2025		
		ORGANIC (excludes impact of foreign exchange)	FX	AS REPORTED
Sales	$**891**M	**10.6**%	(0.1%)	10.5%
Adj. EBITDA	$**154**M	16.1%	0.1%	16.2%
Adj. margin %	**17.3**%	**+80** bps		+80 bps
Adj. EPS	$**0.86**	22.8%	0.1%	22.9%

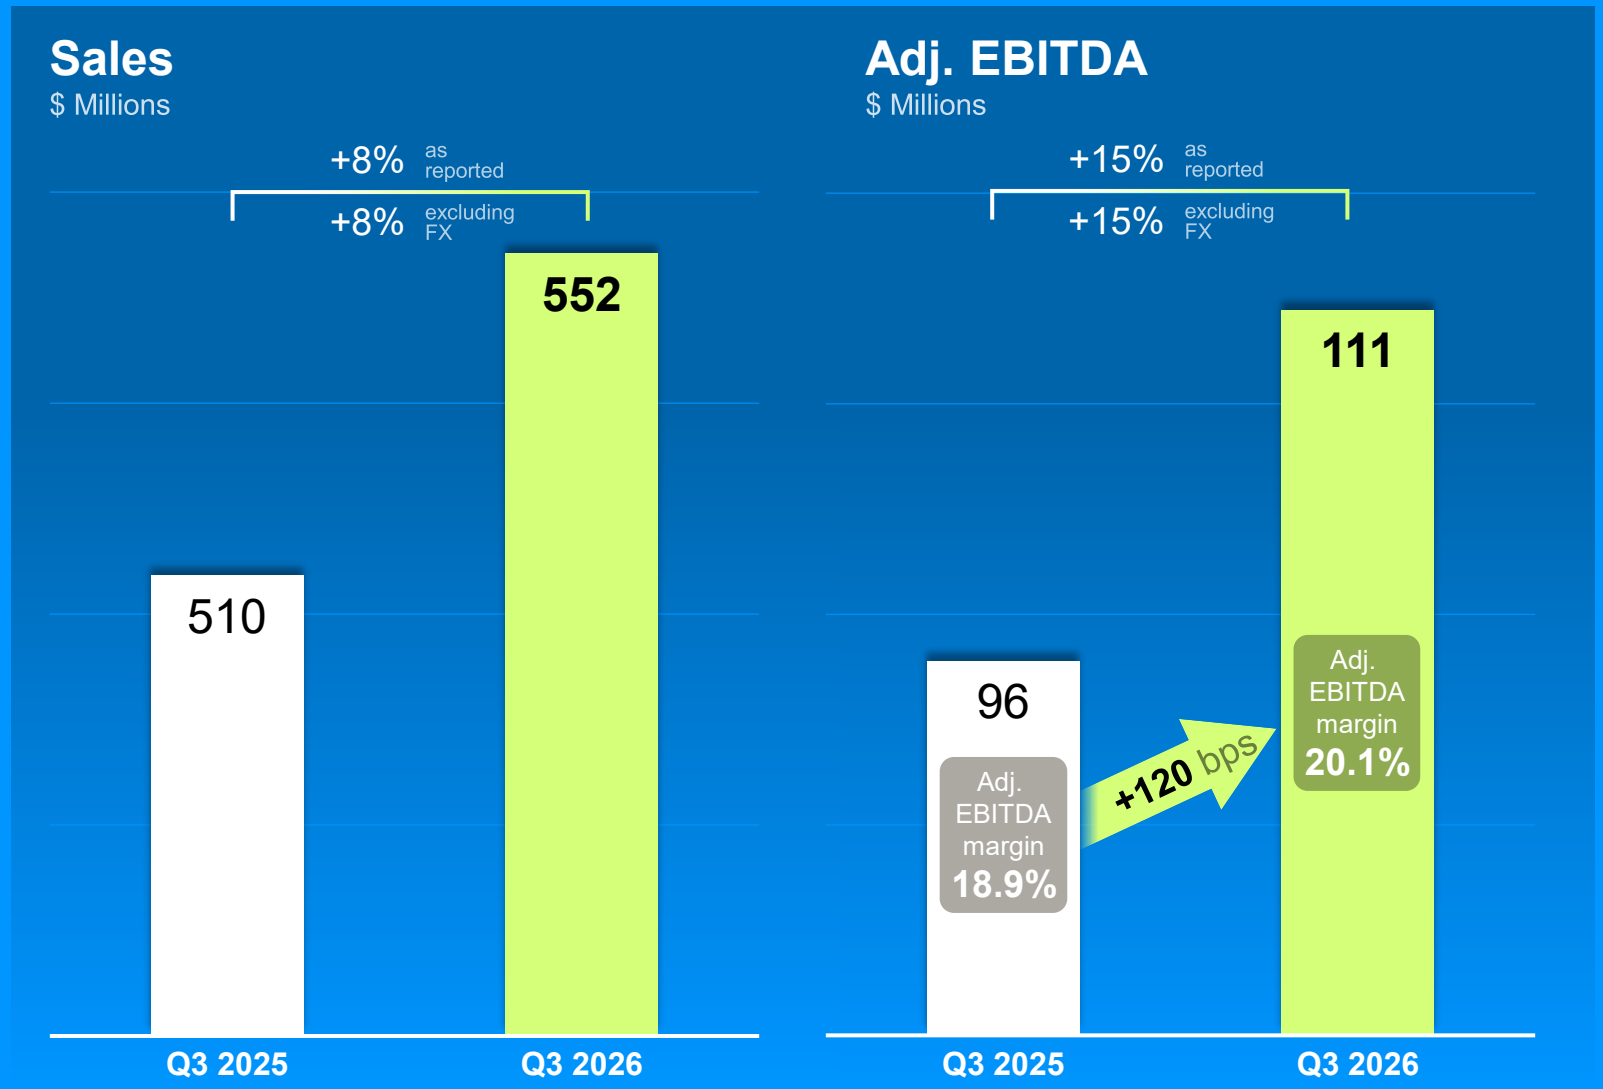

- **Organic sales growth across both business segments**
  driven by pricing, improving mix from new business gains and growth vector demand
- **80 bps of adj. EBITDA margin expansion**
  enabled by higher sales, favorable mix and company-wide productivity initiatives
- **Adj. EPS of $0.86 ahead of guidance of $0.80**
  better-than-expected sales growth in the Color, Additives and Inks segment
- **Debt paydown of $50M in the quarter**
  enabled by strong cash flow generation

	September YTD 2026 results	September YTD 2026 vs. September YTD 2025		
		ORGANIC (excludes impact of foreign exchange)	FX	AS REPORTED
	$**2,656**M	4.2%	2.0%	6.2%
	$**472**M	8.1%	2.7%	10.8%
	17.8%	+70 bps		+70 bps
	$**2.65**	13.2%	4.1%	**17.3**%

- **Strong year-to-date performance of 17% adj. EPS growth**
  led by sales growth and margin expansion
- **$100M debt paydown year-to-date**
  further strengthening the balance sheet

Color, Additives & Inks – Q3 2026 performance

- Organic sales expanded through growth across all regions led by pricing and the key account strategy delivering new wins in Packaging and growth from Building & Construction driven by commercial infrastructure investment
- Favorable mix from key growth markets and productivity initiatives led to strong adjusted EBITDA margin expansion and earnings growth

AVIENT
Copyright © 2026.
Avient Corporation. All Rights Reserved

Specialty Engineered Materials – Q3 2026 performance

- Double-digit organic sales growth across nearly every end market with continued strength in Electronics and High-Performance Computing and Building and Construction applications supporting commercial infrastructure investment
- Demand growth, favorable mix and productivity led to expanded margins and strong earnings growth

Updated 2026 financial guidance

	PRIOR GUIDANCE	UPDATED TO...
Adj. EBITDA full year 2026	$575M to $603M +6% to +11% yoy growth	$593M to $603M +9% to +11% yoy growth
Adj. EPS full year 2026	$3.10 to $3.25 +10% to +15% yoy growth	$3.22 to $3.32 +14% to +18% yoy growth
Free cash flow	$210M to $230M +8% to +18% yoy growth	$215M to $230M +10% to +18% yoy growth

FULL YEAR OUTLOOK	
REVENUE GROWTH	**Mid to high single digits** as reported
CAPEX	**Approx. $120M** supporting investments in growth vectors
NET LEVERAGE	**2.2x to 2.3x** down from 2.6x in 2025

Macro assumptions
influencing range

- Improvement in consumer and infrastructure spending due to government policies
- Continued acceleration of defense spending in EU and US
- Global demand uncertainty from inflation and higher interest rates
